Club courses above will be displayed on the roof of the clubhouse. All marks are to be taken to port on "P" courses and to starboard on "S" courses. The race committee will post the course on the course board on the roof. A number following the course code indicates the number of laps. For example, if the course is 2P2, a boat would round mark 4, then 1, then 4, then 1, all to port, then finish.

The starting line runs between the white pin mark on the north side of the river and the

flagpole on the roof of the clubhouse with the dark blue race committee flag. The identical white mark on the south side of the river nearest the clubhouse will mark the inner limit of the starting line. When approaching the line to start a boat shall pass between this mark and the pin mark. Please note the inner distance mark is not necessarily on the starting line. This same line serves as the finish line; boats must cross the line between the inner mark and the pin.

Other drop mark courses (orange ball) may be used at the discretion of the race committee; such courses will be defined at the skippers meeting.

9. SIGNALS

All signals will be sound signals or oral instructions from the roof of the CRYC clubhouse.

A three minute dinghy start sequence shall be used for all classes in accordance with Appendix S of the RRS

Individual Recalls will be signaled orally, Flag X will not be displayed

10. SCORING

The Low Point Scoring System (RRS A) will be used for each class. 1 race will constitute a series

10.1 THROWOUTS

(a) When fewer than 6 races for a class have been completed, a boat's series scores will be the total of her race scores

(b) When 6 races are completed for a class, a boat's series scores will be the total of her series scores excluding her worst score.
